MESSAGE

I am delighted to learn that the Cyber Olympiad Foundation is organising the International Cyber Olympiad.

India has taken a pioneering role in embracing emerging technologies at the grassroot level. Cybersecurity, which is an important component of our interconnected world, stands as one of the most pressing challenges of the digital age. Hon'ble Prime Minister Shri Narendra Modi ji has emphasised the need to raise awareness about the domain of cybersecurity, highlighting its significance within the broader context of national security. With the rapid evolution of technology, it is imperative for individuals, particularly the youth, to be equipped with the knowledge and skills necessary to navigate the digital landscape securely.

I am hopeful that this Olympiad will play a pivotal role in fostering a culture of cybersecurity consciousness among the youth. By providing a platform for young minds to engage with this critical subject matter, it will significantly contribute to building a safer digital environment for our nation, thereby aligning with the Hon'ble Prime Minister's vision for a digitally secured and empowered India.

I convey my best wishes for the successful culmination of the Olympiad and wish the Cyber Olympiad Foundation success in all its future endeavours.
